

TWO ARE INJURED IN AUTO SMASHUP

Oscar Carlstrom, an Aldeo attorney, thrown under wheels while standing on running board.

CAR THEN RUNS INTO CURBING

Accident occurs at early hour this morning in business section—second mishap for victim.

Oscar Carlstrom, an Aldeo attorney, was painfully injured and several of his compatriots slightly hurt in an automobile accident at Seventeenth street and Second avenue at an early this morning. The others in the party were Oscar Chinlund, Aldeo, and William and C. S. Lafferty of Aldeo. All spent the night in Rock Island and the party got started at an early hour for Aldeo.

Carlstrom was driving the car west on Second avenue, when Carlstrom stepped out on the running board to adjust the lights of the machine. A vendor's wagon loomed up suddenly in front of the machine in the semi-darkness and the driver was forced to run off to avoid striking the conveyance. Carlstrom lost his hold and was driven under the auto, the wheels passing over his body, severing his kidneys. The machine then careered into the curb in front of George A. McComb, William Lafferty was cut about the face and his back bruised. The others escaped with a shaking fit. The injured men were taken to the Rock Island house, where they received medical attention.

Auto After Carlstrom.

Parts from which were released off, and the tires broken and the front end of the car badly damaged.

There was also Mr. Chinlund injured in an automobile accident, when he was struck twice near Aldeo, resulting in injuries to Dr. Kleinmann who confined him in a hospital just yesterday. At that time Mr. Chinlund escaped with a few scratches.

On a former time former United States Senator Elihu Root of New York said, "I am opposed to the granting of suffrage to women, because I believe that it would be a loss to women and because I believe it would be a injury to the state and to every man and woman in the state." This is why our suffragists will oppose Mr. Root for president.

WOMEN SUFFERERS NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition there may cause the other organs no serious disease.

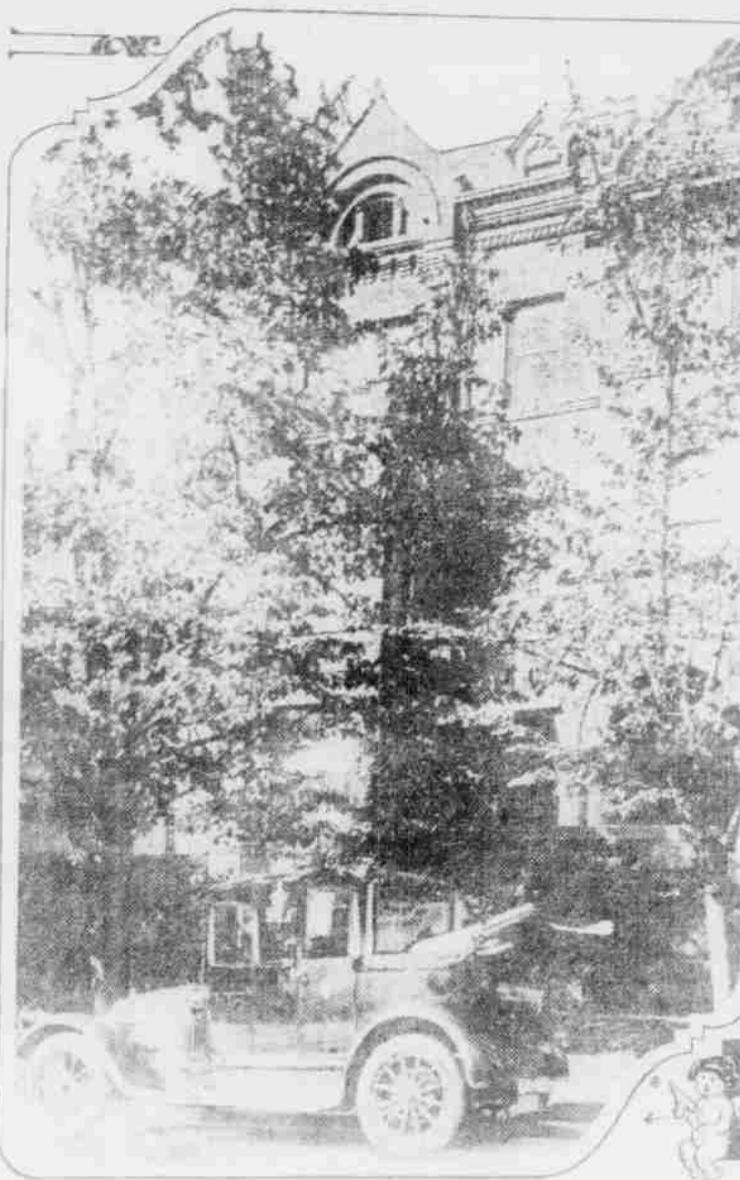

You may suffer a great deal with pain in the back, headache, loss of appetite, nervousness and may be debilitated terribly.

For a full starting treatment, Dr. Kilmer's Swamp-Root, a physician's prescription obtained at any drug store restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a half cent or one dollar bottle respectively from any drug store.

However if you wish to test this great preparation send ten cents to Dr. Kilmer at 200 Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Rock Island Daily Argus.—(Adv.)

PRESIDENT WILSON GOES A-COURTING

The Horse Chestnut.

Who the horse chestnut is so called is a debatable point, but at least one possible explanation of the name may be found in a peculiar characteristic of the tree. If, when it is mature, a leaf be broken off cleanly at the point where its stem joins the branch, it will be discovered that the base of the stem is the exact shape of a horse's hoof, and if one looks further one will see plainly marked upon the "hoof" the nail marks of the horse's shoe. The similitude of hoof and nail is, at least remarkable. It might be supposed, in reference to the name of this tree that horses were fond of the fruit, but one believes that this is not the case, nor does any other creature except perhaps the rat or mouse, attempt to eat this natural and abundant product.
